PROFILE

A dedicated Web Developer with years of experience specializing in WordPress. Combines clean design with powerful functionality to deliver tailored digital solutions, whether it's for businesses, blogs, or online stores.

WORK EXPERIENCE

TijarahMarketing IT Solution

Web Developer

August 2024 - Present

- Lead the development of responsive, high-performance WordPress websites for clients across various industries.
- Oversee project lifecycles from concept to launch, ensuring timely delivery and adherence to client requirements.
- Implement custom functionalities, performance optimisations, and SEO best practices. Mentor junior developers and coordinate with cross-functional teams for smooth workflows.

Addiztech

Web Designer

1st July 2023 to 10th August 2024

- Designed and maintained WordPress-based websites for diverse clients, ensuring high-quality, responsive, and user-friendly layouts. Created custom layouts and optimised user experience using page builders like Elementor. Applied strong knowledge of WordPress themes, plugins, and design best practices to deliver visually appealing and functional websites. Collaborated with development and content teams to ensure timely and accurate project delivery. Implemented design solutions that improved usability, performance, and overall site aesthetics.
- Recognised for creativity, dedication, and teamwork, contributing to multiple successful projects.
